

Howard Leventhal, Ph.D.

Home Address: 2 Beekman Place, 7C, NY, NY 10022
Date & Place of Birth: December 7, 1931, Brooklyn, New York
Marital Status: Married: June 6, 1954
Wife: Elaine A. Leventhal, MD, Ph.D.
Children: Edith Ann Burns, M.D.
Sharon Gale Leventhal, BA; MFA

Education

1952 - 1956 University of North Carolina, Chapel Hill, NC (M.A., Ph.D.)
1950 - 1952 Queens College, Flushing, NY (B.S.)
1948 - 1950 The City College, New York, NY

Professional Activities

Academic Appointments

Current

2016 – Present Adjunct Professor, Department of Health Policy, Mt. Sinai School of Medicine
2015 – Present Adjunct Professor, North Well Hofstra School of Medicine
1993 - Present Board of Governors Professor of Health Psychology, Institute for Health, Health Care Policy, and Aging Research, Department of Psychology, Rutgers University, New Brunswick, NJ
1988 - 1993 Professor II, Institute for Health, Health Care Policy and Aging Research, Department of Psychology, Rutgers University, New Brunswick, NJ

Former

1967 - 1988 Professor, Departments of Psychology and Sociology, University of Wisconsin, Madison, WI
Associate Member, Wisconsin Clinical Cancer Center, Madison, WI
1967 - 1977 Director, Social and Personality Psychology Graduate Program, University of Wisconsin, Madison, WI
1958 - 1967 Assistant and Associate Professor, Department of Psychology, Yale University, New Haven, CT

Research Positions

1956 - 1958 Assistant Scientist - Scientist. USPHS, (Commissioned Corps), Bureau of State Services, Washington, DC

Administration

2014 – Present Research Deans Committee, RBHS.
2004 - Present Director, Center for the Study of Health Beliefs and Behavior (NIA/NIH R24 funded Mind-Body Center), Institute for Health, Health Care Policy, and Aging Research, Rutgers University
1988 - Present Chair, Division on Health; Associate Director, Program Development, Institute for Health, Rutgers University
1993 - 1995 Member, University Social Science Area Committee, Rutgers University
1990 - Present Member, Appointments and Promotions Committees, Department of Psychology, Rutgers University
1990 - 1994 Member, Budget and Planning Committee, Institute for Health, Rutgers University
1998 - 1999 Member, Deans Steering Committee, Department of Psychology, Rutgers University
1987 - 1988 Chair, Department of Psychology, University of Wisconsin-Madison
1986 - 1987 Acting Director, Institute on Aging, University of Wisconsin-Madison

Educational Development Activities

- 1998 - Present Co-Chair Behavioral Science Program, Cancer Institute of New Jersey
- 1989 - Present Development of new facilities and recruitment for the present graduate program in health psychology at Rutgers University in collaboration with UMDNJ Robert Wood Johnson Medical School. Departments of Medicine, Geriatrics, and Psychiatry
- 1989 - Present Development of Behavioral Medicine Colloquium, Institute for Health, Health Care Policy, and Aging Research, and the Department of Psychology Graduate Program, Rutgers University
- 1989 - 1990 Member, Committee on the Relationship between Graduate and Undergraduate Education, Rutgers University

Honors / Awards

- 2015 Lifetime Achievement Award For Research in Behavioral Medicine; Academy of Behavioral Medicine Research (Shared with Elaine A. Leventhal, MD, PhD)
- 2011 Award: Distinguished Research Mentor Award, Society of Behavioral Medicine
- 2007 Distinguished Bio-Behavioral Oncology Award, SBM, Cancer Special Interest Group
- 2005 APF Gold Medal Award for Lifetime Achievement in Psychological Science
- 2001 APA Award for Outstanding Contributions to Developmental Health Psychology Division 38, Health Psychology, & Division 20, Adult Development & Aging
- 1997 National Academy of Medicine, National Academy of Sciences.
- 1993 Board of Governors Professor of Health Psychology, Rutgers University
- 1992 Board of Trustees Award for Excellence in Research, Rutgers University
- 1991 President & Past President, Division 38 of American Psychological Association (APA)
- 1990 National Institutes for Health MERIT Award: Symptom and Emotion Stimuli to Health Action in the Elderly
- 2008-2009 ABMR Advisory Board
- 1989-1991 Fellow: Advisory Board, Academy of Behavioral Medicine Research (ABMR)
- 1987 APA Senior Investigator Award for Outstanding Contributions to Health Psychology, Division 38
- 1984 Distinguished Alumnus Award, University of North Carolina at Chapel Hill, North Carolina Psychology Alumni Association
- 1971 Fellow, Divisions 1, 8, and 38 of the APA
- 1971 Fellow, AAAS

Visiting & Honorary Addresses and Lectureship (from 1981 to 2015)

- 1981 Department of Psychology, Justus Liebig University, Giessen, Germany
- 1988 Common sense models of illness. Flying Fellow, British Psychological Association, Leeds, England
- 1988 Common sense representations and multi-component models of health behavior. Opening Address for 50th Anniversary Meeting, Netherlands Psychological Association, Tilburg, The Netherlands
- 1989 - 1990 Department of Psychology, University of Tilberg, Tilberg, The Netherlands
- 1990 Models of emotion as viewed from Health Psychology. Invited Science Weekend address, American Psychological Association Annual Convention, Boston, MA
- 1991 Promotion of health for the elderly. Invited plenary lecture: Psychology and Promotion of Health. 5th European Health Psychology Society Conference & Congress of the Swiss Society of Psychology. University of Lausanne, Dorigny, Switzerland
- 1992 Common sense and avoiding and adapting to illness threats over the life span. Second Pietre de la Court lecture, Pijks Universiteit, Leiden, The Netherlands
- 1992 Common sense and avoiding and adapting to illness threats over the life span. Second Pietre de la Court lecture, Rijks Universiteit, Leiden, The Netherlands
- 1992 Department of Psychology, Rijks Universiteit, Leiden, The Netherlands
- 1993 Common sense and models of coping. Presented at "Coping with Illness: Process and Outcome". Research symposium honoring Jean E. Johnson for contributions to science. University of Rochester, School of Nursing, University of Rochester Cancer Center,

Howard Leventhal, Ph.D.

- Strong Memorial Hospital Nursing Practice and Department of Psychology, New York State Nurses Association, etc.
- 1995 Common-sense cognition and self-regulation in adaptation to health threats. Visiting Professor & Dukoff Lecturer, Sloan Kettering Cancer Institute
- 1995 Motivation and health behavior change. Science Weekend Invited Address: Emotion and Motivation, American Psychological Association. New York (David C. Glass, Chair)
- 1995 Representations of illness and self and health behavior. Invited address: First Dutch Conference on Psychology and Health, Maastricht, The Netherlands
- 1995 The interaction of perceptual, cognitive and emotional factors in response to health threats. Invited Speaker: The British Psychological Society, Special Group in Health Psychology, Annual Conference, University of the West of England
- 1995 Representations of illness and self and health behavior. Invited address: First Dutch Conference on Psychology and Health, Maastricht, The Netherlands
- 1996 Common sense and the representation of illness threats and one's own health. John T. Lanzetta Memorial Lecture, Department of Psychology, Dartmouth University, Hanover, New Hampshire
- 1996 Representations and procedures for responding to health threats. Invited Address: Deutsche Gesellschaft für Psychologie. 40. Kongress: Schwerpunktthema: Wissen und Handeln. München, at Ludwig Maximilians Universität
- 1997 Health Psychology and Behavioral Theory: Themes for Now and the Future. Division 38 Presidential Address, Chicago, Michigan
- 1997 Self-regulation in multilevel systems: A view from the perspective of health research. Symposium in Honor of Dr. Seymour Epstein: Alternative Views on the Nature of the Unconscious: Implications for diagnosis and psychotherapy. University of Massachusetts, Amherst, MA (Participants: Aaron Beck; Seymour Epstein; Howard Leventhal; Jerome Singer; Drew Westen)
- 1998 Common sense and self care: Rules for appraising symptoms and self. NIH Behavioral and Social Sciences Research Lecture Series, Washington, D.C.
- 1999 Ida Beam University Lecture, University of Iowa, Iowa City, Iowa
- 2000 Promise and pitfalls for the future of psychosomatic research. 3rd Congresso Nacional de Psicologia da Saúde, Lisbon and Porto, Portugal
- 2000 The self as it represents & adapts to chronic illness. University of Zurich, Zurich, Switzerland
- 2000 Research on aging and health: Problems for now and the future. Symposium on aging. APA, Washington, D.C.
- 2000 Effects of cognitive and emotional representations of cancer on preventive behavior & behavior in clinical trials psychosocial approaches to cancer prevention. Fox Chase Cancer Center and the NCI, Philadelphia, PA
- 2001 Thoughts on combining theory and qualitative data using self reports in compliance research. Working group on use of qualitative data in compliance research. NIH, National Heart, Lung and Blood Institute, Bethesda, MD
- 2001 Interpreting somatic experience: Self-appraisals, gender, mortality & use of health care among the elderly. Divisions 20 & 38 of the American Psychological Association. San Francisco, CA
- 2001 The right intentions in the wrong framework: Setting action plans within a self-regulation will generate more ideas regarding how they affect planning & acting in a complex world. Annual meeting, European Society of Health Psychology, St. Andrew's University, Scotland
- 2001 Self rated health: The next generation of research: The study of special populations. Discussant, 54th Annual Gerontological Society of America's Scientific Meeting - 2001. Chicago, IL
- 2002 Self regulation and regulation of the self. Opening address, Conference on Self-Regulation of Health Behaviors, School of Pharmacy, University of Michigan, MI

Howard Leventhal, Ph.D.

- 2002 Health dangers and fears. Conference on Fear appeals and risk perceptions: Do they matter for health related behavior? Department of Communication, University of Kentucky, Lexington, KY
- 2002 The challenging task of changing behavior: Self-regulation and the management of health threats, affect, and the self. Laurent Picard Distinguished Lecture, School of Management, McGill University, Montreal, Canada
- 2003 Theories of health and illness behavior. Lecture, Department of Psychology, Catholic University of Santiago, Chile
- 2003 Understanding the common-sense of self-management of chronic illness: Moving from description to intervention. Lecture, Department of Psychology, Catholic University of Santiago, Chile.
- 2003 Quality care and health outcomes are system problems! Involving patients, practitioners, health care system and the social/cultural context. Colloquium for Faculty, Psychology Department, Catholic University of Santiago, Chile
- 2003 Adherence is a system problem: Is there a common-sense approach to implementation. Creating and disseminating two faces of expertise in institutional, community and cultural settings. Keynote address, RFA meeting on Testing Interventions to Improve Adherence to Pharmacological Treatment Regimens. National Institute of Health, Lung & Blood (NIHLBI) and National Cancer Institute (NCI) sponsored meeting, Bethesda, MD
- 2003 Self-regulation and chronic illness: A journey from theory to practice. Workshop, Annual Meeting, Society for Medical Decision Making, Chicago, Illinois
- 2004 Self-regulation theory as the basis for interventions to improve quality of care. Colloquium presentation to Health Psychology Unit, Guys and St. Thomas, London, UK
- 2004 Translating illness cognition into the clinical context for the management of chronic illness. Presentation, Annual Meeting, American Psychological Association, Hawaii
- 2004 Quality care & health outcomes are system problems! Involving patients, practitioners, health care system, & social/cultural context. Presentation, Health Psychology Unit, Guys and St. Thomas Hospital, London
- 2004 Common-sense & self regulation of chronic illness: Cognitive-affective processes in a social context. Annual Academy for Post-Doctoral Candidates in Psychiatry and Psychology, Free University of Berlin, Max Planck House
- 2004 Translating illness cognition into the clinical context for the management of chronic illness. Annual Academy for Post-Doctoral Candidates in Psychiatry and Psychology, Free University of Berlin, Max Planck House
- 2005 Improving chronic illness management among the elderly. Address, British Renal Society, Manchester International Convention Center, United Kingdom
- 2005 Improving chronic illness management among the elderly. Colloquium, Health Psychology and Health Services Research Units, University of Aberdeen, Aberdeen, Scotland
- 2005 Improving chronic illness management among the elderly: Part 2. Colloquium, Health Psychology and Health Services Research Units, University of Aberdeen, Aberdeen, Scotland
- 2005 The common-sense of self management for chronic conditions. Opening Address, Congress for Health Psychology of the German Society of Psychology, Freiburg, Germany
- 2005 Cognition, Emotion and Health. Address, Autumn Academy of Affective Sciences, Sponsored by the University of Geneva, University of Berne, and the Swiss National Science Foundation, Geneva, Switzerland
- 2006 Constructing "common-sense" representations of illness and treatments: Heuristics & indexicals connet experience to concepts. Symposium: Brit. Psychol. Society, Cardiff, July, 25, 2006.
- 2006 Do Feelings &/or Statistics Shape Health Behaviors Creating Disease Risk, Morbidity & Mortality, Penn State Conference, October 9, 2006

Howard Leventhal, Ph.D.

- 2006 Regulatory systems & health: The role of the Common-Sense component for preventing & controlling chronic illness. 10th Anniversary, OBSSR, NIH, Bethesda, MD, June 22, 2006.
- 2007 "Common-sense" self management of chronic illness: Can it be incorporated into clinical practice? Department of Medicine, Division of Hypertension, Columbia University, February 21, 2013
- 2008 Dynamics of Common-Sense Processing: Translating the Model for Interventions in Clinical Settings: The example of SMBG for type2 Diabetes. An IDF Global Workshop in Collaboration with the SMBG International Working Group, Amsterdam, 20-21 Oct., 2008.
- 2009 Sharing Mental Models in Health Care Systems; The Role of Implementation Science. NHLBI, Natcher Center, June 12, 2009
- 2009 Dynamics of Common-Sense Processing: A Model for Intervening for Chronic Illness Management in Clinical Settings. Department of Psychiatry, RWJ Med. School, Feb., 2009
- 2010 Is the Randomized Clinical Trial (RCT) Useful for the Development & Testing of Behavioral Interventions for Chronic Illness. Academy of Behavioral Research, June 11, 2010.
- 2010 The "Common-Sense" of Chronic Illness Management: From Patient to Clinic to Health Policy. A Western or Trans-Cultural Perspective? Opening Address, The International Conference of 4th Asian Congress of Health Psychology, Taipei, Taiwan, August 2010.
- 2010 Cognitive Science Spikes to the 'Common-Sense' of Chronic Illness Management, Keynote Address, Annual Society of Behavioral Medicine, Seattle, WA. April 2010.
- 2011 Translational Research in Cognitive Science for Management of Chronic Illness, Academy of Behavioral Medicine Research, American Association for the Advancement of Science, Washington, DC, January 20, 2011.
- 2011 Translational Research in Cognitive Science for Management of Chronic Illness, Academy of Behavioral Medicine Research, Park City Utah, June, 2011.
- 2011 Understanding the Common-Sense of Chronic Illness Self Management. Colloquium, Department of Nutritional Science, Rutgers University, November 11, 2011.
- 2012 Cognitive Science as of Common-Sense Management (CSM): A translation for Person Centered Management of Chronic Illnesses: Questions for Cancer Control? Cancer Institute of New Jersey, January 10, 2012
- 2012 The Common Sense of Managing & Living with Chronic Illnesses & Life Changes. Invited Address, Department of Health Policy & Division of General Internal Medicine, Mt. Sinai School of Medicine, April 8, 2012.
- 2012 Common-Sense Illness Cognition: Science & Practice – From patient to Clinic to Health Policy. International Congress On Psychology, Cape Town, South Africa, July, 2012.
- 2012 The Common Sense of Managing & Living with Chronic Illnesses & Life Changes. Opening Address, Celebration for Retirement of Professor Stan Maes, Leiden, November, 2012
- 2013 Modeling the Mechanisms Underlying Common Sense Management for Living with Chronic Illnesses & Life Changes. Society for Personality and Social Psychology, New Orleans Meeting, February, 2013.
- 2013 International Conference in Health Psychology & VII Annual Meeting, Chilean Society of Behavioral Medicine and Health Psychology. 14-15 Nov. 2013, Santiago, Chile
- 2014 Common-Sense Self Management for Prevention, Control & Recovery from Illness: Focus on Theory & Data, Grand Rounds, North Shore LIJ, Medical System Grand Rounds, North Shore, LIJ
2015. Common-Sense Self-Management for Prevention, Control & Recovery from Illness Focus on Theory & Data: Sloan Kettering Memorial Cancer Center, Grand Rounds,
2015. Modelling health behavior in daily life (CSM). Opening 2015 Speaker Series at The Center for Health, Intervention, and Prevention (CHIP), University of Connecticut
- 2015 Modelling health behavior in daily life (CSM). Department Colloquium, Hunter College, CCNY.

Other

Howard Leventhal, Ph.D.

Fear communications and change in attitude and behavior. Andrew Bernstein Memorial Lecture, Department of Psychology, Bard College, Annandale on Hudson, NY
A model of emotion for humor and pain. Phillips University Lecture, Haverford College, Haverford, PA
The role of social psychological research in health practices. University Lectures, sponsored by Department of Sociology, University of Tucson, AZ
Emotion and cognition: The example of illness cognition. Carnegie Mellon Symposium on Cognition and Emotion, Pittsburgh, PA

Research Grants from 1982 – Present (Funding from the NIH began in 1960)

Submitted: PI Rutgers; N. Albert, P.I. (Cleveland Clinic). Activation to be physical active: Improving symptom recognition in HF patients.

Active

04/2011-03/2017 Co-investigator, "Communication skills intervention to promote transition into survivorship." Kissane, D. Pi (original), Memorial Sloan Kettering Cancer Institute, Direct Costs = \$81,972.00 Total Costs = 126,910.

Completed (Primary projects underlined)

08/2009 – 05/2013 Co-Investigator. Seniors' health literacy, beliefs and asthma self-management. National Institute of Aging/National Heart, Lung, and Blood Institute.

10/2008 – 12/2010 Co- Principal Investigator. Medical education for pain and illness management for veterans. East Orange Veteran Affairs

11/2004 - 12/2009 Co-Investigator. Cultural and cognitive influences on end of life planning among African American and White colorectal cancer patients. Cancer Institute of New Jersey.

03/2008 – 08/2009 Co-Investigator. Changes in Balance, Strength, Socialization and Fear of Falling among Participants Engaged in Project Healthy Bones - an Exercise and Education Program for People with or At Risk of Osteoporosis. Northwest New Jersey Community Action Program, Inc.

02/2008 – 02/2009 Co-Investigator. Ethnicity, common sense model of self-regulation and chronic illness management. Marchionne Foundation.

11/2004 - 10/2007 Co-Investigator. Patient Assistance to Reduce Breast Cancer Disparities. Mount Sinai School of Medicine, NY.

09/2004 - 08/2010 Director/Principal Investigator. Center for the Study of Health Beliefs and Behavior. National Institute of Aging/National Institutes of Health.

06/2004 - 05/2007 Grant to Develop Behavioral Program, Cancer Institute of New Jersey.

05/2003 - 06/2005 Award for Mentoring Junior Investigators, Department of Health Policy, Mount Sinai School of Medicine, NY.

02/2000 - 09/2002 Principal Investigator. Post-Treatment Distress among Breast Cancer Patients. Cancer Institute of New Jersey Award.

07/1999 - 06/2004 Principal Investigator. Geriatric depression in primary care: A new approach to detection and treatment.

12/1998 - 01/2003 Principal Investigator Collaboration Contract: Smoking Cessation for Women at Risk for Cervical Cancer. National Institutes of Health.

09/1998 - 08/2002 Principal Investigator. Cognitive and emotional reactions to BRCA1 & BRCA2 testing. Cancer Prevention Program State of New Jersey.

07/1995 - 06/2004 Principal Investigator. Symptom and emotion stimuli to health action in the elderly. National Institutes of Aging, MERIT Award.

09/1993 - 09/1998 Principal Investigator. Promoting health in elderly African Americans. Smoking intervention program for school children. National Institutes of Health/National Institute on Drug Abuse.

06/1984 - 05/1987 Principal Investigator. Patient education to reduce stress during chemotherapy. National Cancer Institute.

05/1983 - 04/1986 Principal Investigator. Illness cognition and coping in the elderly. National Institute of Aging.

Howard Leventhal, Ph.D.

09/1982 - 11/1985 Principal Investigator. Patient education for hypertension control. National Heart, Lung and Blood Institute.

Editorial Committees

Present	Advisory Board	Translational Behavioral Medicine (Soc. B. Med.)
Ended	Editorial Board	Journal of Health Psychology
Ended	Co-editor	Psychology and Health
Prior	Associate Editor	International Review of Health Psychology
1991 - 2000	Advisory Board	Patient Education and Counseling
1994 - 2000	Editorial Board	Portuguese Society of Health Psychology
1993	Guest Editor	Motivation & Emotion (Issue on Pain)
1991- 1996	Editorial Board	Psychosomatic Medicine
1989 -1990	Consulting Editor	Journal of Personality & Social Psychology
1987 - 1991	Advisory Editor	Contemporary Psychology
1986	Editorial Board	The Journal of Compliance in Health Care
1985 – Ended	Editorial Board	Patient Education and Counseling
1985 – 2001	Editorial Advisory Board	Cognition and Emotion
1982 - 1987	Associate Editor	Health Psychology
1981 – Ended	Editorial Board	Journal of Applied Social Psychology,
1970s	Editorial Board	Journal of Personality
1970s	Editorial Board	Journal of Experimental Social Psychology
1970s	Editorial Board	Social Psychology

Journal Reviewing (Partial Listing)

American Psychologist	Medical Decision Making
Behavioral Medicine	Journal of Health & Social Behavior
British Medical Journal, Open	Journal of Personality & Social Psychology
Developmental Psychology	
Diabetes Care /Diabetes Educator & Others	Medical Care
European Journal of Social Psychology	Motivation & Emotion
Health Education Research	Preventive Medicine
Health Psychology	Psychological Bulletin
Journal of Abnormal Psychology	Psychological Review
Journal of Applied Psychology	Psychology & Aging
Journal of Consulting & Clinical Psychology	Psychology & Health
Journal of Gerontology: Psychology	Psychosomatic Medicine
Lancet	Science

Reviewing for NIH & NAS (partial)

2012	Royal Society, UK – Occasional Requests for Review
2011	PCORI Reviewing
2010	NIH - Clinical Trials Review Committee
2009	Member, Second Level Review Panel for Challenge Grants, NIH
1990-91	Chair, Behavioral Medicine Study Section
1986-90	Member, Behavioral Medicine Study Section
1980-99	Member, 4 NAS working groups (Aging; Smoking; Diabetes)
1970-	Member on 12 NIH working groups and panels, several prepared reports
19068-70	Member, NIH Fellowships Review Committee

Government Committees

Past a) National Cancer Institute (NCI),
b) National Heart, Lung, and Blood Institute (NHLBI), working groups over past years, Eg.In 1999: Adherence to Medical and Lifestyle Interventions, Chair, Theory Section, Working Group on adherence to medical and lifestyle interventions

Howard Leventhal, Ph.D.

- c) Institutes of Medicine, National Academy of Sciences, Committee. Communication for improving health in the 21st Century among diverse populations
- 1991 - present National Institutes of Health, Member, National Reviewer Reserve
- 1990 – 1991 National Institutes of Health, (Voting Member) Chair, Behavioral Medicine Study Section
- 1987 - 2003 Fox Chase Cancer Center, Member, Scientific Advisory Committee
- 1987 National Institute on Drug Abuse, Surgeon General's Report, Reviewer and Contributor, Government Committees and Consulting
- 1987 National Institutes of Health, NHLBI & Doremus, Porter, & Novelli. Consultant, Use of Fear Communications Conference
- 1983 National Institute of Occupational Safety and Health, Preparer of manuscript and meeting. Communicating Safe Practices in the Worksite
- 1983 National Institute on Aging, Chair, Special Grant Review Session
- 1983 National Cancer Institute, Discussant and Summary Speaker. Self-help and Quitting Smoking and Preparation for training workshop
- 1981 National Cancer Institute, Working group in Research Policy for Smoking Prevention
- 1981 National Academy of Sciences, Working Group on Aging
- 1980 National Academy of Sciences, Working Group on Cigarette Smoking
- 1979 – 1980 National Institutes of Health, National Heart & Lung Institute, Member, Special Committee to Review State of Compliance Research
- 1978 – 1989 National Heart, Lung, and Blood Institute, Committee on Methodology, Behavioral Medicine Study Section
- 1978 -1989 U.S.A.F. Project Heart, Member, Scientific Advisory Board
- 1974 National Institutes of Health, National Heart and Lung Institute, Member of Advisory Committee, Review Progress on Atherosclerosis Research Center
- 1972 – 1973 National Academy of Science, National Research Committee, Panel on Impact of Information on Drug Use and Misuse
- 1969 National Academy of Sciences, Consultant. Long Duration Manned Spaceflight Committee
- 1968 – 1970 United State Public Health Service, Behavioral Sciences Fellowship Review Committee, Member
- 1967 - 1973 Veterans Administration, Regional Training Program Psychology, Training Consultant
- 1966 – 1969 Bureau of Health Services, Division of Hospital and Medical Facilities, Research and Demonstration Grants Branch, Grant Review Consultant
- 1960 – 1963 Public Health Service, Division of Dental Public Health, Special Consultant
- 1962 – 1963 Public Health Service, Contractor to Division of Hospital and Medical Facilities
- 1960 – 1962 Public Health Service, Division of Hospital and Medical Facilities, Special Consultant and Director, Patient Acceptance Project
- 1959 Public Health Service, Division of Hospital and Medical Facilities, Contractor

Consulting Committees

- 1988 – 1992 Yale University, Cancer Control Research Unit, Member, External Advisory Committee
- 1988 – 1992 Wisconsin Heart Association, Committee on Patient Education
- 1978 – 1989 State of Wisconsin Hypertension Education Committee
- 1978 – 1989 Wisconsin Heart Association Patient Education Committee, Member
- 1973 – 1975 Children's Television Workshop, Research Advisory Committee
- 1971 – 1972 American Heart Association, Public Education Committee

Advisory Board Memberships & Research Collaboration/Consulting (Pre-1985 Not Listed)

- 1999 - Present Division of General Internal Medicine, Department of Medicine, Mount Sinai School of Medicine, NY, National Institutes of Health Program Project Grant, Asthma
- 1999 - Present Department of Health Policy and Health Services Research, Mount Sinai School of Medicine, NY, National Institutes of Health Program Project Grant, 1) Self

Howard Leventhal, Ph.D.

	Management of Heart Failure: 2) Adjuvant treatment Breast Ca; 3) Post Partum Depression.
1999 – 2005	Manchester University School of Medicine, Department of Medicine, Diabetes Control Program, UK: Self regulation & management of diabetic foot; Research Collaborator
2000 - 2008	Pittsburgh Mind Body Center, University of Pittsburgh and Carnegie Mellon University, PA, Member Advisory Board
1998 - Ended	Fox Chase Cancer Center, Philadelphia, PA, Teachable Moment for Smoking Cessation, Consultant
1997 – Ended	National Institutes of Health, Grant: Julia Houfek, Assistant Professor College of Nursing, University of Nebraska, Genetic testing for cancer risk, Consultant
1997 – 2004	Universities of Utrecht, Leiden, & Tilburg, Research Institute for Psychology and Health, the Netherlands, Scientific Advisory Committee Member
1995 – Ended	Thomas Jefferson Medical School, Philadelphia, PA, Behavioral Science Group, Consultant
1994 – 2000	Fred Hutchinson Cancer Center, University of Washington, Seattle, WA, Hutchinson Smoking Prevention Program, Consultant
1991 - Ended	Fox Chase Cancer Center, Philadelphia, PA., Cancer Control Science Program and Cancer Prevention and Control Program, Collaborative Research within Rutgers University and University of Medicine and Dentistry of NJ: a) Newark, NJ and; b) New Brunswick, NJ
1992 – 2003	Institute for Social Research, University of Michigan, Ann Arbor, MI, Grant Project on Cognitive Factors Affecting Medication Adherence Among the Elderly, Consultant
1991 – 1999	Cognitive Aging Center, The University of Georgia Gerontology Center, Athens, GA.
2000 - 2003	Center for Stress and Wound Healing, Ohio State University (Dr. Ronald Glaser, P.I.), Member Advisory Board
1990 – 1995	The University of Oklahoma Health Sciences Center, Oklahoma City, OK, Diabetes Representation and Signs of Muskoke Indians, Consultant
1989 – 1990	Johns Hopkins University, Baltimore, MD, Mental Health and Symptom Appraisal in Pediatric Care, Consultant
1988 – 1989	University of South Carolina College of Nursing, Post-Doctoral Program in Self-Regulation of Health Status, Consultant
1986 – 1994	University of Wisconsin Madison, WI, Tamoxifen Toxicity Trial Study Collaborator

Organizations

1. Institute of Medicine, National Academy of Sciences
2. Member of the American Psychological Association: Fellow, Div. 1, 8, 38
3. Fellow, A.A.A.S. (since 1971)
4. Sigma Xi
5. Member, American Psychosomatic Society
6. Member, MacArthur Network Foundation (1989 - 1991)
7. Member, Society of Experimental Social Psychologists
8. Academy of Behavioral Medicine Research. Fellow & Advisory Board, 1988-1991; Executive Council Member, 2009-2012
9. Member, International Society of Research in Emotion
10. Fellow Society Behavioral Medicine
11. Fellow American Psychological Society

Former Doctoral Students & Currently Held Positions

Yale University

Major Professor for Ph.D. in Psychology

- David O. Sears - Professor of Psychology & Dean, UCLA, CA
- James Dabbs - Formerly, Professor of Psychology, Georgia State University, GA
- Ragaa Mazen - Professor of Psychology, Southern Connecticut State College, CT
- Jonathan Friedman (served as co-advisor) - Professor of Psychology, University of Toronto, Canada

Howard Leventhal, Ph.D.

- Patricia Niles Middlebrook
- Neil Kornzweig - Clinical Psychology

Dissertations Conducted in the Yale Laboratory

- Robert P. Singer - Ph.D., Psychology, University of Connecticut, Stores Director of Associates in Counseling & Therapy, New Haven, CT
- Jean C. Watts - Ph.D., Psychology, Bryn Mawr College, PA

Post-Doctoral Fellows

- James Dabbs - Professor of Psychology, Georgia State University, GA (Deceased)
- Jean C. Watts
- Patricia Niles Middlebrook
- Robert P. Singer - Director of Associates in Counseling and Therapy, New Haven, CT

University of Wisconsin – Madison

Major Professor for Ph.D. in Psychology

- 1971 Jean Johnson – Retired: Formerly Professor & Associate Director, Rochester Clinical Cancer Center, Rochester, NY; Member, Institute of Medicine, National Academy of Sciences.
- 1972 Louise LaPine
- 1973 Rosen, T. John – Formerly at Alzheimer's Research Group, Massachusetts Institute of Technology, Boston, MA, Now private consultant at University of Kansas
- 1975 Gerald Cupchik - Professor, Scarborough College, University of Toronto, Canada
Jocelyn Boyanowsky - Faculty in Australia; Current location Unknown
Donald Brown - Professor, Center College, Kentucky
- 1976 Daphne (Panagis) Flamer (Inactive)
- 1978 Martin Safer - Professor, Psychology Department, Catholic University, Washington, DC
- 1979 Linda Reinhardt - Psychology Department, State University of Wisconsin, WI
- 1980 Saya Shacham (unknown)
David Nerenz – Formerly: Professor, Department of Medicine, Michigan State University: Current: Director, Center for Applied Research, Henry Ford Hospital, Detroit, MI
Deborah Everhart - Clinical Psychology, New Haven, CT
- 1981 Karin Ringler - Clinical Psychology
Arthur Perlman - Clinical Psychology
- 1985 Linda J. Baumann -Professor, University Wisconsin-Madison, School of Nursing, Madison, WI: Retired
Robert Ebert - Social and Behavioral Science, School of Public Health, Boston University, Boston, MA (Deceased)
- 1986 Robert Hirschman - Psychologist, Formerly: Geriatrics Institute, Mount Sinai Medical Center, NY, &: Head Clinical Training, Milwaukee School of Applied and Professional Psychology, Milwaukee, WI. Currently in Private Practice
Mary Keller – Assoc. Prof. Nursing, UW -Madison, WI (Deceased)
- 1987 Peter Mosbach – Formerly, Post Doctoral Fellow, Department of Neurology, Boston University Medical Center, Boston, MA
Jean Espenshade - Assistant Professor, University of Wisconsin-Madison, School of Nursing, Madison, WI
Sandra Ward – Professor of Nursing, UW Madison, WI
- 1988 Ruvy Dar - Professor, Tel Aviv University, Israel, Department of Psychology
- 1989 Linda Cameron – Professor (Formerly Acting Vice Provost), Department of Psychology, University of California, Merced & Visiting Professor, Psychology, University at Auckland, New Zealand

Major Professor for Ph.D. in Medical Sociology

- Paul Cleary (co-advisor) – Professor & Dean, School of Public Health, Yale University, CT
- Daniel Meyer - Assistant Professor, Department of Family Medicine and Practice, University of Maine, ME
- Tri Van Nguyen - Associate Professor LaSalle University, Philadelphia, PA (Current Unknowns)

Howard Leventhal, Ph.D.

- Kathleen Glynn - Research Development, Marquette University, Milwaukee, WI,
- Rick Zimmerman – Professor & Director of Research, School of Nursing, Univ. Mo, St. Louis; Formerly Professor & Department Chair, Department of Global Health, George Mason University.

Post-Doctoral Fellows

- Pablo Mora, Assistant Professor Psychology, Univ. TX, Arlington (Deceased)
- Kenneth Wallston - Professor, School of Nursing, Vanderbilt University, Nashville, TN
- Craig Caputo
- Larry Scherwitz - Assistant Professor, School of Dentistry, Department of Dental Public Health and Hygiene, University of California, San Francisco, CA
- David Nerenz - Professor of Medicine, Michigan State University, MI
- Thomas Prohaska - Professor, School of Public Health, University of Illinois-Chicago, MI
- Kathleen Glynn - Research Grant Advisor, Marquette University, Milwaukee, WI
- Raymond Fleming - Associate Professor & Chair, Department of Psychology, University of Wisconsin, Milwaukee, WI
- Joan Ershler
- David Wagstaff - Faculty, College of Human Development, Penn State University, PA

Current Medical Collaborators/Mentoring in Behavioral Science

As collaborator and Mentor my task was to integrate their research programs with the conceptual frameworks from Behavioral Health and Cognitive Science.

Ethan Halm, MD, Professor, Walters Chair and Chief, General Internal Medicine, University of Texas, Dallas

Alex Federman, MD, Associate Professor, Department of Medicine, Division of General Internal Medicine, Ichan School of Medicine, Mt. Sinai

Juan Wisnivesky, MD, Professor, Department of Medicine, Division of General Internal Medicine, Ichan School of Medicine, Mt. Sinai

Carol Horowitz, MD, Associate Professor, Department of Medicine, Division of General Internal Medicine, Ichan School of Medicine, Mt. Sinai

Nina Bickell, Professor, Department of Medicine, Division of General Internal Medicine, Ichan School of Medicine, Mt. Sinai

Elizabeth Howell, MD, Associate Professor, Department of Obstetrics and Gynecology, Ichan School of Medicine, Mt. Sinai

Rutgers University

Major Professor for Ph.D. in Psychology

- 1992 Michael Diefenbach – Associate Professor, Department of Medicine, North Well Hofstra School of Medicine.
- 1997 Yael Benyamini – Senior Lecturer, School of Social Work, Tel Aviv University
- 1997 Susan Brownlee - Research Analyst, Center for State Health Policy, Rutgers University
- 1998 Linda Patrick-Miller – Department of Medicine, University of Chicago Medical Center
- 1999 Chantal Robitaille - Post Doctoral Fellow, Sir Mortimer B. Davis Jewish General Hospital, Department of Epidemiology, McGill University, Montreal, Quebec, Canada (Inactive)
- 2000 Kimberly Kelly – Assistant Professor, Department of Molecular Virology, Immunology, & Medical Genetics, The Ohio State University
- 2002 Carolyn Rabin - Assistant Professor, Centers for Behavioral & Preventive Medicine, The Miriam Hospital and Brown Medical School
- 2002 Pablo Mora – Assistant Professor, University of Texas, Arlington
- 2002 Melissa Crouch-Chang – Clinical Geropsychology Fellowship Program, Long Island Jewish Medical Center (2005)
- 2004 Gozde Ozakinci – Lecturer, University of St. Andrews, UK
- 2005 Michael Maher – Research Scientist, Obsessive Compulsive Disorder Research Clinic, Columbia University/New York State Psychiatric Institute

Howard Leventhal, Ph.D.

- 2007 Marco DiBonaventura – Research Services Analyst, IMAP Research and CHS International, NY
- 2007 Tamara Musumeci-Szabó – Lecturer, Rider College
- 2008 Lisa Dunbar McAndrew – Associate Professor, Dept. Counseling Psychology, SU Albany, & PI, Multi-Site Study of Gulf War Syndrome, East Orange, NJ Veterans Affairs Center.
- 2011 Leigh Alison Phillips – Assistant Professor Psychology, Iowa State University (Rising Star Award)
- 2012 Jessica Breland – Post Doctoral Fellow, Palo Alto VA.
- 2014 Jessica Yu – Post Doctoral Fellow, Palo Alto VA
- 2015 Jenna Herold
- 2015 Emily Roman

Post-Doctoral Fellows at Rutgers

- Joseph Tracy - Project Director, Carrier Clinic, Bellemeade, NJ
- Michael Diefenbach – Associate Professor, North Well Hofstra Medical School, NY
- Linda Patrick-Miller - Assistant Professor, Rush, NJ
- Ian Brissette – Post Doctoral Fellow; Assistant Professor, Rutgers University; Research Scientist, Bureau of Chronic Disease Epidemiology and Surveillance, Department of Health, State of NY, Albany
- Andre Gurmankin-Levy – Assistant Professor, Department of Society, Human Development, and Health, Harvard School of Public Health
- Tamara Musumeci-Szabo - Postdoctoral Associate, Institute for Health, Rutgers University
- Melissa Garrido – Post Doctoral Fellow, Institute for Health, Rutgers University,
- Joanne Hash-Converse – Post Doctoral Fellow, Institute for Health, Rutgers University, Assistant Professor, Whittier College.

Committee Responsibilities

University Committees

Member of Appointments and Promotions Committee to Professor in the Social & Behavioral Sciences

Psychology Department

- a) Chair, Search Committee for faculty in Health Psychology
- b) Member promotion committee

Institute for Health, Health Care Policy & Aging Research

- a) Affiliates Committee (Chair)
- b) Health Behavior Program (Chair)
- c) Computer Committee (Member)
- d) Promotions to Full Professor

Cancer Institute of New Jersey

- a) Member of Internal Advisory Board & Member. Attend all Internal Advisory Group meetings 3-5 times a year, meetings for the development of psychosocial research & co-chair committees on breast cancer research (2 half day meetings each month).
- b) Member. Committee for the development of Program on Cancer Prevention & Cancer Control (A small group that meets regularly).

University Lectures, Departmental Colloquia, Invited Symposia, Addresses, & Convention Papers

1954: The effects of perceptual training on the Rorschach W and Z scores. North Carolina Psychological Association.

1960: Development of a model for behavior in the face of health threats. American Psychological Association, Annual Convention. Invited symposium paper.

The effects of set on changes in impressions of people. American Psychological Association, Annual Convention. Submitted paper.

1962: Fear and other motivational factors in health behavior. School of Public Health, Harvard University, MA. Invited talk.

Fear as a motivator of health action. Department of Hospital Administration, School of Public Health, Yale University, CT. Invited talk.

Howard Leventhal, Ph.D.

1963: Motivational factors in health behavior. School of Public Health, Harvard University, MA. Invited talk.

Fear as a motivator of health action. Department of Hospital Administration, School of Public Health, Yale University, CT. Invited talk.

Fear communications and the changing of attitudes and behavior. Colloquium, Department of Psychology, University of Rochester, NY.

1964: Fear communications and attitude and behavior change. Colloquium Department of Psychology, University of Rochester, NY.

1965: Facial expressions as indicators of distress. American Psychological Association, Annual Convention, Chicago, MI. Invited symposium participant.

Psychological factors involved in the acceptance and rejection of fear arousing messages. Colloquium, Department of Psychology, University of Cincinnati, OH.

1966: Fear communications in the acceptance of preventive health practices. National Conference on Smoking, University of Arizona, Tucson, AZ. Invited address.

1967: Experimental studies of anti smoking programs. National Conference on Smoking, University of Wisconsin, Madison, WI. Invited address.

1968: Fear communications and change in attitude and behavior. Departmental Colloquium, University of Houston, TX.

1969: Symposium on behavioral aspects of smoking. Eastern Psychological Association. Invited discussant.

Emotional stress and its control. Symposium at Western Psychological Association Meeting. Invited paper.

Emotion: Its effects on attitudes and behavior. Colloquium, Department of Psychology, University of Wisconsin, Milwaukee, WI.

Emotion: Its effects on attitudes and behavior. Colloquium, Department of Psychology, Marquette University.

Emotion: Its effects on attitudes and behavior. Colloquium, Department of Psychology, Kent State University, OH.

Emotion: Its effects on attitudes and behavior. Department of Psychiatry and Psychology, Wood V.A. Hospital, Milwaukee, WI. Invited talk.

1970: Emotion: Its impact on attitudes and behavior. Colloquium, Department of Psychology, State University of New York, Stony Brook, NY.

Emotions and judgment. Colloquium, Department of Psychology, University of California, San Diego, CA.

Psychological problems in patient care. Special Conference conducted by Patient Care magazine. Invited participant. (Conference published in Patient Care.)

Behavioral aspects of smoking. Special Conference at Colorado Springs, CO. Invited participant.

1971 Emotions and judgment. Colloquium, Department of Psychology, UCSD, San Diego, CA.

Howard Leventhal, Ph.D.

Emotions and judgment. Colloquium, Department of Psychology, University of Chicago, MI.

Fear communications and change in attitude and behavior. Andrew Bernstein Memorial Lecture, Department of Psychology, Bard College, Annandale on Hudson, NY.

Emotions, attitudes and behavior. Colloquium, Department of Psychology, Georgia State College, Atlanta, GA.

1972 Emotional influences on judgment and behavior. Colloquium, Department of Psychology, Wayne State University, Detroit, MI.

Preparation for stressful situations in medical settings. Psychiatry and Psychology Section, Wood V.A. Hospital, Milwaukee, WI. Invited talk.

Effects of threat messages on attitudes and behavior. Colloquium, Department of Psychology, University of Houston, TX.

Integration of internal and external cues in judgment. American Psychological Association, Annual Convention, Honolulu, HI. Submitted paper.

1973: Communication and health behavior. American Society of Thoracic Surgery, New York. Invited address.

Emotion and action plans: Their effects on attitudes and actions. Colloquium, Department of Psychology, Florida State University, Tallahassee, FL.

The influence of emotion and action plans on attitudes and behavior. Colloquium, Department of Psychology, Purdue University, Lafayette, IN.

Emotional processes in attitudes and adaptive behavior. Colloquium, Department of Psychology, University of Cincinnati, OH.

1974: Effects of emotion upon evaluation. Colloquium, Department of Psychology, University of Illinois, Chicago Circle, MI.

Effects of emotion upon evaluation. Colloquium, Department of Psychology, University of Michigan, Ann Arbor, MI.

Effects of emotion upon evaluation. Colloquium, Department of Psychology, Ohio State University, Columbus, OH.

Effects of emotion upon evaluation. Colloquium, Department of Psychology, Kansas State University, Manhattan, KA.

Effects of emotional communication upon evaluations and behavior. University Lecture, Department of Kinesiology and Leisure Studies and Department of Psychology, University of Waterloo, Waterloo, Ontario, Canada.

Evaluation research in health behavior. Department of Kinesiology and Leisure Studies, University of Waterloo, Waterloo, Ontario, Canada.

1975: A model of emotion for humor and pain. Phillips Lecture, University Lecture, Haverford College, Haverford, PA.

Howard Leventhal, Ph.D.

A model of emotion for research in humor and pain. Colloquium, Psychology Department, University of Toronto, Canada.

A personality theoretic view of emotion. Psychophysiology Society, Toronto, Canada. Invited address.

Critique of behavioral studies relevant to cancer control: Smoking and ethnic research. National Cancer Institute, San Antonio, TX.

1976: Individual differences in humor: An overview. International Conference on Humor and Laughter, Cardiff, Wales. Invited address.

Comments on attribution theory and therapy. American Psychological Association, Washington, D.C. Invited discussant.

Communication and public health individual and mass. American Psychological Association, Washington, D.C. Invited discussant.

Sensory information and attention in the control of pain. American Psychological Association, Washington, D.C. Invited symposium paper.

The behavioral aspects of smoking: Studies of intervention and studies of smoking behavior. Institute of Medicine, National Academy of Sciences, Annual Meeting. Invited address.

1977: Emotions and health behavior. Public Broadcasting System, Milwaukee, WI. Televised lecture.

The role of social psychological research in health practices. University Lectures, sponsored by Department of Sociology, University of Tucson, AZ.

Emotional processes in pain experiences. Colloquium, Department of Behavioral Medicine, University of Connecticut Medical Center, Hartford, CT.

Psychological processes in the control of pain and distress. Grand Rounds, Department of Medicine, University of Wisconsin School of Medicine, Mount Sinai Hospital, Milwaukee, WI.

1978

Patient behavior. Address at plenary session. Patient Education in the Primary Care Setting, Department of Family Medicine and Practice, University of Wisconsin, Madison, WI.

Behavioral modification of risk factors: Technology or science? Heart Disease and Rehabilitation: State of the Art.

Structures for generating emotion: Implications for coping with stress. Haifa University, Israel. Invited symposium address.

Eating and educating: Motivation for sound nutrition. Society for Nutrition Education, Minneapolis, MN. Invited address.

1979: Changing roles in medical care: An opportunity for behavioral research. Pi Gamma Mu, National Social Science Honorary Society, Marquette University.

Models for patient compliance. Department of Medicine, University of Wisconsin at Mt. Sinai Hospital, Milwaukee, WI, Annual Meeting on Cardiovascular Disease Problems.

Howard Leventhal, Ph.D.

1980: Patient theories of illness. Colloquium, Department of Psychology, Catholic University, Washington, D.C.

Common sense models of illness and coping with health threats. Colloquium, Department of Psychology, Scarborough College, University of Toronto, Canada.

Common sense models of illness and coping with health threats. Colloquium, Departments of Psychiatry and Epidemiology, Western Psychiatric Institute, University of Pittsburgh School of Medicine, PA.

Common sense models of illness and coping with health threats. Colloquium, Department of Psychology, Catholic University of Louvain, Louvain la Neuve, Belgium.

Toward a comprehensive theory of emotion. Colloquium, Department of Psychology, Catholic University of Louvain, Louvain la Neuve, Belgium.

Common sense models of illness and coping with health threats. Colloquium, Social Psychology, Faculty of Political and Social Science, Cambridge University, Cambridge, England.

1981

Emotion and cognition: The example of illness cognition. Carnegie Mellon Symposium on Cognition and Emotion. Pittsburgh, PA.

Common sense models of illness and health and illness behavior. Department of Psychology. Yale University, CT.

1982: Common sense models of illness and the control of hypertension. University of Utah, School of Health Sciences, Salt Lake City, UT.

Cognitive processes and distress in cancer patients. University of Utah, School of Nursing, School of Health Sciences, and Department of Psychology, Salt Lake City, UT.

Common sense models of illness and health and illness behavior. University of Waterloo, Department of Psychology, Waterloo, Ontario, Canada.

Patient models of illness and their consequences for illness and health behavior: Implications for public health. School of Public Health, Harvard University, Boston, MA.

The direct and indirect effects of coping on physiological response. Academy of Behavioral Medicine Research, Bolton Valley, VT.

Illness cognition and health and illness behavior. Meeting on Attitudes and Behavior, Rheimlinger, Germany.

Cognitive hierarchies and stress response. University of Tübingen, Germany.

Common sense models of illness and the control of illness behavior. Department of Psychology, University of Tübingen, Germany.

Common sense models of illness. Colloquium, Department of Psychology, University of Iowa, IA.

Age and adaptation to cancer chemotherapy. Symposium at the Gerontology Society of America, Boston, MA.

1983: Cognitive models of health and illness behavior. Colloquium, School of Public Health, Columbia University, NY.

Howard Leventhal, Ph.D.

Cognitive models of health and illness behavior. Colloquium, Department of Psychology, State University of New York, Albany, NY.

Preventing health risk behaviors and promoting coping with illness. Vermont Conference on the Primary Prevention of Psychopathology, University of Vermont, Burlington, VT.

Coping and models of hypertension. Symposium at the Midwest Psychological Association, Chicago, MI.

General issues on emotion and illness. Paper delivered at meeting of the Society for Experimental Social Psychology, Pittsburgh, PA.

1984: Adapting to cancer chemotherapy the patient's perspective. Colloquium Series, Justus Liebig University, Giessen, Germany.

Some problems in stress research: Opportunities for resolution. Invited talk. Justus Liebig University, Germany.

Cognitive models of health and illness behavior. Invited talk. School of Public Health, Johns Hopkins University, Baltimore, MD.

Lecture Series: a) Prevention: Bio medical and social psychological approaches to prevention; b) Illness behavior: Common sense (lay) models of illness and coping; c) Stress and illness. Justus Liebig University, Department of Medical Psychology, Giessen, Germany.

Lecture Series: a) The perceptual motor model of emotion; b) Application of emotion theory to practical issues in health and illness behavior. Justus Liebig University, Department of Psychology, Giessen, Germany.

Emotion to cognition. Seminar, Justus Liebig University, Department of Psychology, Giessen, Germany.

Emotion and stress. Invited talk. Oxford University, Oxford, England.

Design of psychological interventions for patients undergoing cancer chemotherapy. Paper presented, American Psychological Association Annual Convention, Toronto, Canada.

Adjustment to threatening events: Cancer chemotherapy. Paper presented, American Psychological Association Annual Convention, Toronto, Canada.

Perceived social support and distress during cancer chemotherapy. Paper presented, American Psychological Association Annual Convention, Toronto, Canada.

Factors associated with distress in patients receiving cancer chemotherapy. Paper presented, 56th Annual Meeting of the Midwestern Psychological Association, Chicago, MI.

Common sense models of illness: their impact on patient behaviors. Department of Psychology, Carnegie Mellon University, Pittsburgh, PA.

Smoking: Behavior Modification, Clinical Cancer Center, University of Wisconsin, Madison, WI.

Common sense models of illness and behavior in medical care settings. Department of Health Education and Behavioral Science, SUNY, Buffalo, NY.

Illness cognition: The study of cognition in an applied setting. Distinguished Alumni Colloquium. Department of Psychology, University of North Carolina, Chapel Hill, NC.

Howard Leventhal, Ph.D.

1985: Research on common sense models of illness. Second Annual Claremont Conference on Applied Social Psychology. Department of Psychology, The Claremont Graduate School, Claremont, CA. Opening Speaker.

Adaptation to the stress of cancer chemotherapy treatment. Third Annual Conference on Stress and Illness. Department of Psychology and Behavioral Medicine Program, University of Miami, Coral Gables, FL. Opening Speaker.

Smoking prevention with school children. Third Annual Conference on Critical Issues in Alcoholism Research and Treatment, University of Wisconsin, Extension and State Department of Health and Social Services, University of Wisconsin, Milwaukee, WI. Keynote Address.

Issues in measurement, evaluation and treatment. Second International Conference on Illness Behavior, Toronto, Ontario, Canada..

1986: Common sense models of illness: Effects on compliance to medical care. Invited colloquium, Department of Psychology, Rutgers University, New Brunswick, NJ.

O'Neill's treatment of character: The Great God Brown. Lecture, Department of Theatre and Drama, University of Wisconsin-Madison, Madison, WI.

Presenter and discussant, Health related behaviors in children and adolescents. Midwest Psychological Association Annual Meeting.

Theories of emotion. Psychology Department, University of Tilburg, Tilburg, Netherlands.

Stress and illness: A psychological model. Psychology Department, University of Tilburg, Tilburg, Netherlands.

Compliance with medical care: A cognitive approach to the lay perceptions of illness. Psychology Department, University of Tilburg, Tilburg, Netherlands.

Prevention: A problem for social psychology. Psychology Department, University of Tilburg, Tilburg, Netherlands.

Social psychological view of the development and prevention of smoking in school children. First Annual Expert Conference in Health Psychology, University of Tilburg, Tilburg, Netherlands.

Health behavior over the life span. National Institute on Aging Organized Symposia, American Psychological Association Annual Meeting, Washington, D.C.

Emotion and cognition: Perspectives from neurological, developmental and social psychology. Chair and participant for Invited Symposium: American Psychological Association, Washington, D.C.

The development and prevention of smoking in school children. Consensus Conference on Smoking. Psychology Department, Iowa State University, Ames, IA.

Gerontological Society of America, Annual Meeting.

- a. Health and physical changes in the perception of age: A life-span perspective.
- b. Coping patterns prior to medical care utilization: A stage approach.
- c. Why do patients come to the doctor?
- d. Subjective markers of aging in community dwelling adults.

1987: The initiation and prevention of smoking in school children. Cancer Prevention Program, Hutchinson Cancer Center, University of Washington, Seattle, WA.

Howard Leventhal, Ph.D.

Illness cognition and health and illness behavior. Psychology Department, University of California-Los Angeles, CA.

The development and prevention of smoking in school children. Marshfield Clinic, Marshfield, WI.

Age in the study of Illness Cognition. Mid-Western Psychological Association Annual Meeting, Chicago, Illinois, MI.

Intervening in the Development of Smoking with School Children. 17th Annual Meeting of the European Association for Behavior Therapy. Amsterdam, The Netherlands.

Theory and Practice of Health Psychology. 17th Annual Meeting of the European Association for Behavior Therapy. Amsterdam, The Netherlands. Invited talk.

A componential Approach to the Study of Illness Cognition. Psychology Department, University of Tilburg, Tilburg, The Netherlands.

Strategies for judging and responding to health threats: Change in component process over the lifespan. Psychology Department, University of Tilburg, Tilburg, The Netherlands.

Intervening in the Development of Smoking with School Children. 95th Annual American Psychological Association Meeting.

A Biopsychological Approach to Emotion: For Social Systems (Cameron, L., Leventhal, H.). 95th Annual American Psychological Association Meeting.

Intervening to enhance esteem in patients receiving chemotherapy (Leventhal, H., Ward, S., Easterling, D.) 95th Annual American Psychological Association Meeting.

Smoking & Kids -- How they start? Can they stop? 7th Annual Kate Ellen Polacheck Memorial Lecture in Behavioral Medicine. Mount Sinai Medical Center Foundation, New York, NY.

Theory and Practice of Health Psychology. Institute on Health, Health Policy and Aging Research, Rutgers University, New Brunswick, NJ.

1988: The smoking problem. British Psychological Association, Leeds, England. Invited Colloquium Address.

Common sense representations and multi-component models of health behavior. Opening Address for 50th Anniversary Meeting, Netherlands Psychological Association, Tilburg, The Netherlands.

The smoking problem. Invited Symposium Presentation for 50th Anniversary Meeting, Netherlands Psychological Association, Tilburg, The Netherlands.

Modification of health risk behaviors: The common-sense of health decisions. Presentation to the McArthur Foundation, Palo Alto, CA.

1989: Theories of compliance. Presentation to the American Psychosomatic Society, San Francisco, CA.

Theories of compliance. Presentation to the National Institute for Child Health and Human Development and Bureau of Maternal and Child Health Resources Development, Bethesda, MD.

Response to a physical stressor as a determinant of health care utilization (Diefenbach, M., Brownlee, S., Leventhal, E.A., & Leventhal, H.). Presentation to the American Psychological Association Annual Convention, New Orleans, LA.

Howard Leventhal, Ph.D.

Emotion and emotion control in aging. Presentation to the American Psychological Association Annual Convention, New Orleans, LA.

Illness cognition: Life span data on procedures for adaptation to health threat. CUNY Graduate Center Colloquium, New York, NY.

1990

The construction of illness representations. Psychology Department Colloquium, Princeton University, Princeton, NJ.

The psychophysiological aspects of illness cognition. Presentation to the McArthur Network, Boston, MA.

The social psychology of illness cognition. Presentation to the McArthur Network, Boston, MA.

Conceptualization and design of smoking cessation programs. Invited Workshop Presentation to the First International Congress of Behavioral Medicine, Uppsala, Sweden.

Behavioral mechanisms in pain. Invited Presentation at Symposium, First International Congress of Behavioral Medicine, Uppsala, Sweden.

Models of emotion as viewed from the health psychology perspective. Presentation to the International Society for Research on Emotion, Rutgers University, New Brunswick, NJ.

From laboratory to clinic: Implications of cognitive health psychology. Presentation to the American Psychological Association Annual Convention, Boston, MA.

Medical regimen adherence. Invited symposium for the American Psychological Association Annual Convention, Boston, MA.

Risks in adolescent development. MacArthur Network Meeting, San Francisco, CA.

Common sense models of illness and health behavior. Invited presentation to the School of Public Health, University of Minnesota, Minneapolis, MN.

Medication adherence as viewed from a self-regulation perspective. Invited presentation to the Gerontology Center and the Georgia Consortium on the Psychology of Aging, University of Georgia, Atlanta, GA.

Cognitive and affective processes in decisions to use health care. Invited presentation to the Department of Psychology, University of Utah, Salt Lake City, UT.

1991: Some data and thoughts on the study of illness cognition. Colloquium, Department of Psychology, New York University, New York, NY.

Innovative perspectives on adherence in clinical trials. Invited address to the Adherence in AIDS Clinical Trials Conference, San Francisco, CA.

Mentorship across three generations. Invited Symposium at "Twenty second annual research development conference", College of Nursing, Continuing Education Program, Rutgers University, New Brunswick, NJ.

Illness cognition and seeking health care: A view from the later years. Philadelphia Geriatric Center, Philadelphia, PA.

Howard Leventhal, Ph.D.

Procedures for self-regulation of illness threats: Changes in the later years. Social Psychology Group, Department of Psychology, Yale University, New Haven, CT.

1992

Illness cognition: An approach to research in the area of health behavior. Oncology post-doctoral seminar, University of Pennsylvania School of Nursing, Philadelphia, PA.

Evaluation of psychological treatments for cancer. Swiss Society of Psychosocial Medicine, Institute Universitaires de Psychiatrie, Geneve, Division de Medecine Psychosomatique et Psychosociale.

Affect, cognition and symptom reporting. Current and Emerging Issues in Cancer Pain: Research and Practice. Sponsored by University of Washington School of Medicine, Fred Hutchinson Cancer Research Center, and The Memorial Sloan-Kettering Cancer Center, Seattle, WA.

Symposium on adaptation to cancer. APA Convention, Division 38, American Psychological Association, Washington Sheraton, Washington, DC. Invited discussant.

Self-regulation, treatment adherence, and health practice. A public forum on aging and health. Sponsored by the Senate Labor and Human Resources Subcommittee on Aging, American Association of Retired Persons, and Division 20, American Psychological Association. APA Convention, Washington, DC. Invited paper.

Psychological response to risk detection. Geriatric Society of America, Washington, DC. Invited presentation with E. A. Leventhal and E. Burns.

1993: Cognition and affect in health behavior. Department of Psychology Colloquium, Rutgers University, Camden, NJ.

Health behaviors: Risk aversion in the elderly. The Academy of Behavioral Medicine Research Annual Meeting. Nemacon Woodland Resort, PA.

Self Regulation & Healthy Behavior: A Behavioral Model for Eating and other health behaviors in the elderly. Update Nutrition Needs - the Older Adult. Gerontology Institute of NJ & Rutgers University, Cook College, Department of Nutritional Sciences, NJ.

1994

Behavioral interventions for health: When, where and for whom? Keynote Address SERV Centers of New Jersey, Inc. Woodbridge, NJ.

"The dynamics and process of self-care". The National Conference on Research Issues Related to Self-Care and Aging. National Institute on Aging, Administration on Aging (NIH), Office on Research on Women's Health of NIH, UNC, Partnership for Prevention. Washington, D.C.. Discussant.

Presenter/Discussant, "Where are we with coping research" Academy of Behavioral Medicine Research, Cooperstown, NY.

Representing and Managing Health Threats. Invited Address. American Psychological Society. Washington D.C.

Everyday thinking and decisions to use health care. Department of Psychosomatic Medicine, University of Geneve, Switzerland.

1995: Common-sense cognition and self regulation in adaptation to health threats. Visiting Professor & Dukoff Lecturer, Sloan Kettering Cancer Institute, NY.

Howard Leventhal, Ph.D.

From risk detection to distress in treatment: Conducting behavioral research with cancer patients. Presentation at Annual Meeting of Academy of Behavioral Medicine Research, VA.

A social-psychological approach to current and future research in Health Psychology. Society for Personality and Social Psychology. NY. (John Caccioppo, Chair)

Models for health behavior. Symposium Discussan. Health Psychology Section, British Psychological Society. Bristol, UK.

Motivation and health behavior change. Invited address by Health Psychology Section, British Psychological Society. Bristol, UK.

Self regulation models and health behavior: Representing illness and representing the self. Colloquium Presentation and Lunch-time seminar: Research Institute for Applied Behavioral Medicine and Department of Psychology, SUNY Stony Brook. November 1, 1995.

Symposium Discussant: Models of health behavior change. First Dutch Convergence on Psychology and Health, Maastricht, The Netherlands.

Representation of illness and self and health behavior. Invited address: First Dutch Convergence on Psychology and Health, Maastricht, The Netherlands.

1996: Social psychological factors in the link between stress and cardiovascular disease. Cardiovascular Disease, Stress and Behavioral Medicine. UMDNJ, Robert Wood Johnson Medical School, New Brunswick, NJ.

Common Sense and the Representation of Illness Threats and One's Own Health. John T. Lanzetta Memorial Lecture, Department of Psychology, Dartmouth University, Hanover, NH.

Self Regulation Theory and Health Behaviors: Methods and comments relevant to investigation of behavioral aspects of cancer. Psychiatrische Poliklinik, Abteilung für Psychosoziale Medizin, Universitätsspital, Zurich (Introduction and Session Chair: Dr. Claus Buddeberg)

Workshop: (Introduction and Session Chair: Dr. Claus Buddeberg):

Topic #1: Self Assessed Health: The elderly's view of themselves: its origins and implications for their behavior.

Topic #2: Planning a study on patient responses to genetic testing for BRCA1 and BRCA2 mutation leading to susceptibility to breast cancer.

Illness, Stress and Differential Emotions over the Adult Life-span. Development Conference. Sponsored by: Penn State Gerontology Center, Philadelphia Geriatric Center, and the Geriatric Education Center of Pennsylvania, PA.

1997

Group interventions for cancer patients: psychological, immune & health effects. Division 38 Symposium, APA, Chicago, MI. Symposium Discussant.

Minority aging and health. HIH/APA Science Intervention program. APA, Chicago, MI. Symposium discussant.

Will health psychology generate psychological theory? Division 38 APA, Chicago, MI. Discussion Section: leader & participant.

Expert meeting on Self Regulation. Department of Educational Psychology, Rijks Universiteit, Leiden, Leiden, The Netherlands. Participant.

Howard Leventhal, Ph.D.

Behavioral research and cancer: Potential for the development of theory and practice. University of Pittsburgh Medical Center, University of Pittsburgh Cancer Institute, Pittsburgh, PA. Paper delivered.

Self assessments of health: What do people know that predicts their mortality? (Benyamini, Y., Leventhal, H., & Leventhal, E.A.) Presentation at Symposium: Self Assessments of health: the next stage of studies. Gerontological Association of America, Cincinnati, OH.

1998

The study of illness cognition: Insights into rules of the mind and the concept of the self. Colloquium, Department of Psychology, University of Western Ontario, London, Ontario, Canada..

Illness cognition: Using a model for constructing studies. Grandrounds and workshop, Departments of Psychology, Geriatrics Medicine, etc., University of Western Ontario, London, Ontario, Canada.

Issues in the Aging Population. Public Health in the 21st Century: Behavioral and Social Science Contributions. Co-Chair of Dialog Session with Denise Park, University of Michigan, Atlanta, GA.

1999

Common-Sense and self care: Rules for appraising symptoms and the self. Colloquium, Division Population Sciences, Fox Chase Cancer Center, Philadelphia, PA.

Colloquium, Department of Psychology, University of Iowa, Iowa City, IA.

Models of self-regulation: Aids to research and clinical practice. Clinical Psychology Post Doctoral Program, Department of Psychiatry, Robert Wood Johnson School of Medicine, UMDNJ, Piscataway, NJ.

Comments on progress in health behavior change and the elderly. Penn State Conference on Health Behavior and the Elderly. Penn State College, PA.

When patient and professional philosophies clash: Differing belief systems. Critical Decisions in Cancer for the 21st century. Woodbridge, Iselin, NJ.

2000

Comment on Wallack Social Inequality, Social Capital & Public Health: Media strategies for civic engagement & participation. Institute of Medicine, Atlanta, GA.

The self as it represents & adapts to chronic illness. (H. Leventhal, E. Leventhal, & E. Idler.) Annual Meeting of the Portuguese Society for Health Psychology. Lisbon, Portugal.

Theories of Health Behavior. Department of Psychology, University of Porto, Portugal.

Theories of Health Behavior. Department of Health Psychology, ISHPAR University, Lisbon, Portugal.

Challenges and pitfalls in the field of psycho-social research. Conscious reports and common sense beliefs: An opportunity for psychosomatic research. Jaherekongress 2000-Psychosoziale Forschung in der Medizin, Zurich, Switzerland.

Theories of Health Behavior. Communication for behavior change in the 21st century: Improving the health of diverse populations. Irvine, CA.

Behavior and Cancer Control. Retreat for Cancer Institute of New Jersey, Cook Campus, Rutgers University, NJ.

Theories of health behavior: A historical perspective. Institute for Health, Health Care Policy, and Aging Research, Rutgers University, New Brunswick, NJ.

Howard Leventhal, Ph.D.

Self regulation and management of chronic health problems. Preliminary meeting to the 8th Malvern Conference on the Diabetic Foot. Great Malvern, United Kingdom.

Self reports: A window to mental software and a marker for physiological processes. Division of Cancer Control, Mount Sinai Medical Center, New York, NY.

Theories of Health Behavior. Academy of Behavioral Medicine Research. Mt. Tremblant, Quebec, Canada.

Clinical trials and the evaluation of health and risk behaviors: A tarnished gold standard? Academy of Behavioral Medicine Research, Mt. Tremblant, Quebec, Canada.

2001

Thoughts on combining theory and qualitative data using self reports in compliance research. Working group on use of qualitative data in compliance research. NIH, National Heart, Lung and Blood Institute, Bethesda, MD.

Interpreting somatic experience: Self - appraisals, gender, mortality & use of health care among the elderly. Award for Outstanding Contributions to Developmental Health Psychology. Divisions 38 and 20, of the American Psychological Association, San Francisco, CA.

The right Intentions in the wrong framework: Setting action plans within a self-regulation framework will generate more ideas regarding how they affect planning & acting in a complex world. Presentation at the Annual Meeting of the European Society of Health Psychology, St. Andrew's University, Scotland..

Common-sense: Right or wrong it affects care seeking & adherence to prevention & treatment. Colloquium, School of Nursing, University of Pittsburgh, Pittsburgh, PA.

Emotions and their impact on decision making and behavior: Adaptive or not? 54th Annual Gerontological Society of America's Scientific Meeting—"2001." Discussant.

Self rated health - The next generation of research: The study of special populations. 54th Annual Gerontological Society of America's Scientific Meeting—"2001." Discussant.

2002

Self regulation and regulation of the self. Conference on Self-Regulation of Health Behaviors, School of Pharmacy, University of Michigan, MI. Opening address.

Health dangers and fears. Conference on Fear appeals and risk perceptions: Do they matter for health related behavior? Department of Communication, University of Kentucky, Lexington, KY. Discussant.

The challenging task of changing behavior: Self-regulation and the management of health threats, affect, and the self. Laurent Picard Distinguished Lecture, School of Management, McGill University, Montreal, Canada. Discussant.

Presentations on: Patient compliance in the elderly: Interpersonal, cognitive, and emotional considerations. Interdisciplinary Research Forum, Centre de Recherche Institut Universitaire de Geriatrie de Montreal, Canada. Chair.

2003

Self regulation of health threats, affect and the self: lessons learned by listening to older folks. Keynote Address, Conference on Health and Aging. Sponsored by Divisions 20 and 38 of the American Psychological Association. Lake Arrowhead, CA.

Howard Leventhal, Ph.D.

Theories of health and illness behavior. Lecture, Health Psychology Program, Department of Psychology, Catholic University of Santiago, Chile.

Understanding the common-sense of self-management of chronic illness: Moving from description to intervention. Lecture, Health Psychology Program, Department of Psychology, Catholic University of Santiago, Chile.

Quality care and health outcomes are system problems! Involving patients, practitioners, health care system and the social/culture context. Colloquium for Faculty, Department of Psychology, Catholic University of Santiago, Chile.

Adherence is a system problem: Is there a common-sense approach to implementation. Creating and disseminating two faces of expertise in institutional, community and cultural settings. Keynote for RFA meeting on Testing Interventions to Improve Adherence to Pharmacological Treatment Regimens. National Institute of Health, Lung & Blood (NIHLBI) and National Cancer Institute (NCI) sponsored meeting, Bethesda, MD.

Self-regulation and chronic illness: A journey from theory to practice. Workshop, Annual Meeting of the Society for Medical Decision Making, Chicago, IL.

2004

Translating Illness Cognition into the Clinical Context for the Management of Chronic Illness (Leventhal, E.A., & Leventhal, H.). Presentation, Annual Meeting of the American Psychological Association, HI.

Quality Care & health outcomes are system problems! Involving patients, practitioners, health care system, & social/cultural context. (Leventhal, H., & Leventhal, E.A.) Presentation, Health Psychology Unit, Guys and St. Thomas Hospital, London, England.

Common-sense & self regulation of chronic illness: Cognitive-affective processes in a social context (Leventhal, H., & Leventhal, E.A.) Annual Academy for Post-Doctoral Candidates in Psychiatry and Psychology, Free University of Berlin, Germany.

Translating Illness Cognition into the Clinical Context for the Management of Chronic Illness (Leventhal, E.A., & Leventhal, H.). Annual Academy for Post-Doctoral Candidates in Psychiatry and Psychology, Free University of Berlin, Germany.

2005

Improving chronic illness management among the elderly (Leventhal, H., Leventhal, E.A., & Halm, E.). Address, British Renal Society, United Kingdom.

Improving chronic illness management among the elderly (Leventhal, H., Leventhal, E.A., & Halm, E.) Colloquium, Health Psychology and Health Services Research Units at University of Aberdeen, Aberdeen, Scotland.

Improving chronic illness management among the elderly: Part 2. (Leventhal, E.A., Leventhal, H., & Halm, E.) Colloquium, Health Psychology and Health Services Research Units at University of Aberdeen, Aberdeen, Scotland.

The common-sense of self management for chronic conditions (Leventhal, H., Leventhal, E.A., & Halm, E.). Opening Address, the Congress for Health Psychology of the German Society of Psychology. Freiburg, Germany.

Cognition, Emotion and Health (Leventhal, H., Leventhal, E.A., & Halm, E.). Address, Autumn Academy of Affective Sciences, Sponsored by the University of Geneva, University of Berne, and the Swiss National Science Foundation. Geneva, Switzerland.

2006

Constructing “common-sense” representations of illness and treatment: Heuristics/indexicals connect experience to concepts. British Psychological Society, Cardiff, United Kingdom.

Senior Reviewer in Workshop Presenting Research in Progress. Department of Health Psychology of University of London, Guys and St. Thomas, London.

Improving chronic illness management among the elderly. Health Psychology Program, Department of Psychology, Leiden University, the Netherlands.

Regulatory systems & health: The role of the Common-Sense component for preventing & controlling chronic illness management. 10th Anniversary of the Office of Behavior and Social Science Research; Natcher Center, National Institutes of Health, Washington, DC.

To act or not to act: using statistics or feelings to reduce disease risk, morbidity, and mortality. Social Structures and Aging Individuals: Continuing Challenges Conference, Pennsylvania State University, PA. (October 9-10, 2006)

Constructing representations of illness and treatments: Defining heuristics, prototypes and behavior in content specified systems. Society of Experimental Social Psychology Conference, Philadelphia, PA.

Depression: Is it a Disease, a Complex Emotion, or is it Both?, Gerontological Society of America annual conference, Dallas, TX.

2007: Patient Centered Care: In Whose Framework? The common-sense of chronic illness management, 5th Annual National Academies Keck Futures Initiative Conference, Irvine, CA.

Behavioral & social sciences: Successful aging: Self-regulation of health and illness Symposium, Gerontological Society of America 60th Annual Scientific Meeting, San Francisco, CA.

“Common-sense” self-management of chronic illness: What is its developmental history? Can it be translated into clinical practice?, Institute for the Study of Child Development Colloquium, UMDNJ, Robert Wood Johnson Medical School, New Brunswick, NJ.

2008

Behavioral & Social Sciences Session - Successful Aging: Self-Regulation of Health and Illness Behavior. Annual Gerontological Society of America conference in San Francisco, CA. November 2008.

From theory to practice: Self regulation models in health research, American Diabetes Association 68th Scientific Sessions, San Francisco, CA. November 2008.

Is there a science of Illness & Health behavior? Reflections of an elderly investigator
Academy for Behavioral Medicine Research Annual Meeting, Lake Louise, Canada. July 2008.

Symposium: Self Regulation and the Control of Chronic Illness: Developing Theory and Practice by Conducting Cognitive/Affective Science in Clinical Settings (E.A. Halm, S. Maes, R. Horne, H. Leventhal, E.A. Leventhal), 10th Annual International Congress of Behavioral Medicine Conference, Tokyo Japan. August 2008.

Dynamics of Common-Sense Processing: Translating the Model for Interventions in Clinical Settings, 10th Annual International Congress of Behavioral Medicine Conference, Tokyo Japan. August 2008.

Howard Leventhal, Ph.D.

Dynamics of Common-Sense Processing: Translating the Model for Interventions in Clinical Settings: The Example of SMBG for type2 Diabetes, International Society of Behavioral Medicine working group conference, Brussels Amsterdam. October 2008.

2009

Dynamics of Common-Sense Processing : A Model for Intervening for Management of Risk of Occurrence & Recurrence of Cancer, Cancer Colloquia V, University of St. Andrews, Edinburgh, Scotland.

Dynamics of Common-Sense Processing/A Cognitive Science Model for Representing & Intervening for Chronic Illness Management in Clinical Settings, Department of Psychology Symposium, University of Milwaukee - Wisconsin. April 2009.

How Does the Clinician's Recognition of Patient's Mental Models Affect Health Symposium (H. Leventhal, L. Phillips, P. Falzer, E.A. Leventhal, E. Burns, A. Federman), Society of Behavioral Medicine Annual Conference, Palais des congres de Montreal, Canada. April 2009.

Sharing Mental Models in Health Care Systems - The Role of Implementation Science, National Heart, Lung, and Blood Institute, National Institutes for Health, Natcher Center, Bethesda, MD. June 2009.

Common Sense Look at Medically Unexplained Physical Symptoms (MUPS): It's not in my head: What is it Doc?, Center for Medically Unexplained Physical Symptoms (MUPS) & American Psychosomatic Society, University of Medicine and Dentistry of New Jersey, New Brunswick, NJ. August 2009.

Symposium - Translating the Common-Sense Model Theory to Primary Care Practice; Shared Physician and Patient Commonsense Models: Required for Successful Interventions, Annual Gerontological Society of America conference in Atlanta, GA. November 2009.

Cognitive Science of Common-Sense Management (CSM): A Translation For Person Centered Management of Chronic Illnesses - Questions for Cancer Control?, Population Science, Cancer Institute of New Jersey. December 2009.

2010 Cognitive Science Spikes to the 'Common-Sense' of Chronic Illness Management, Keynote Address, Annual Society of Behavioral Medicine, Seattle, WA. April 9, 2010.

Is the RCT Useful for the Development and Testing of Behavioral Interventions for Chronic Illness? Symposium – Issues in Intervention Research, Academy of Behavioral Medicine Research Annual Meeting, Bodega Bay, CA. June 2010.

The "Common-Sense" of Chronic Illness Management: From Patient to Clinic to Health Policy. A Western or Trans-Cultural Perspective? Keynote Address, The International Conference of 4th Asian Congress of Health Psychology, Taipei, Taiwan, August 2010.

2011: Translational Research In Cognitive Science For Management of Chronic Illness: Address At Annual Meeting of Academy of Behavioral Medicine Research, - Park City Utah, 6/2011

Understanding the Common-Sense of Chronic Illness Self Management. Colloquium at Nutritional Science, Rutgers, November 10, 2011

2012 The common sense of managing & living with chronic illnesses & life changes: Building a cognitive/Behavioral theory. Department of Health Policy, Mt. Sinai School of Medicine: Open to All; April 8, 2012.

Understanding the Common-Sense of Chronic Illness Self Management: Focus on theory with a little bit of data. Sloan Kettering Cancer Center, April 20, 2012

Howard Leventhal, Ph.D.

Common Sense Illness Cognition: Science and Practice: Invited Symposium Participation At Annual Meeting International Psychological Association, Cape Town, South Africa, July 25, 2012

The common sense of managing & living with chronic illnesses & life changes: Building a cognitive/Behavioral theory. Opening Address: Retirement Celebration for Professor Stan Maes, Formerly Dean of Faculty Social Sciences, Leiden University, November 27.

2013 Modeling The Mechanisms Underlying Common-Sense Management for Living with Chronic Illnesses & Life Changes. Society for Psychological and Social Psychology; Invited Pre-Meeting Address, Jan. 17.

Modelling The Cognitive/Behavioral Processes That Underlie Daily, COMMON SENSE MANAGEMENT of Illness Threats-CSM: Focus on Chronic Conditions. Presentation International Congress of Behavioral Medicine, Catholic University, Santiago, Chile. 11/14/2013.

2014 Common Sense Management of Health risks: From Prevention, Through Illness To Death A Cognitive/Behavioral-Framework for Research & Practice: Long Island Jewish/Hofstra School of Medicine, 6/05/2014

2015 Modelling Common-Sense Self-Management: Action Planning & Adherence: How Do Experts Do It? Presentation at Annual Meeting of Academy of Behavioral Medicine Research, Md.,

Understanding the Common-Sense of Chronic Illness Self-Management: A Bit of Data - Focus on Theory. Department of Psychiatry, Sloan Kettering Memorial Cancer Center, 4/20/2015.

Modelling Health Behavior in Daily Life (CSM): From Fear Messages, to Representations & Action Planning A Bayesian System: Prototypes, to Norms to Priors/Expectations. University of Connecticut, Storrs, CHIP (Center for Health Interventions and Prevention), Opening Colloquium for CHIP 2015-16 Speaker series. 9/14/2015.

Modelling Health Behavior in Daily Life (CSM): From Fear Messages, to Representations & Action Planning A Bayesian System: Prototypes, to Norms to Priors/Expectations. Health Psychology Colloquium, Hunter College, CUNY, 9/30/2015
